WHO WE ARE

Established in 2012, browser media is a professional full service digital agency specializing in creative and cost-effective solutions for business process optimizations.

Our in-house expertise means that we can deliver quicker than agencies that outsource.

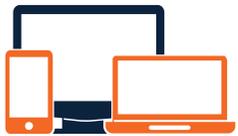

We're a small but mighty team. We offer clients a unique and unprecedented experience. Since 2012, we have provided a wide variety of services to a wide variety of customers.

Through top-notch technologies, we make sure that we produce fresh, effective and mobile-friendly sites suitable to your needs.

OUR SERVICES ARE AFFORDABLE

Our expertise enables us to work on any web project with the confidence to deliver and exceed your expectations.

WE'RE WEB SPECIALISTS

There is no more important tool in business than a well-designed website. First impressions count and a business website is a showcase for your company. A business website must look great, deliver your message skillfully and quickly and communicate effectively. It must turn online traffic into customers and deliver return on investment.

OUR PROCESS

STRATEGY & PLANNING

What do we want to accomplish through the new website? The answers are the building blocks for the new site.

BUILD

Expect a solid foundation delivering the best user experience across all browsers, platforms, and devices.

LAUNCH

The most exciting part of the process... launching the new site that will transform your online presence.

DESIGN

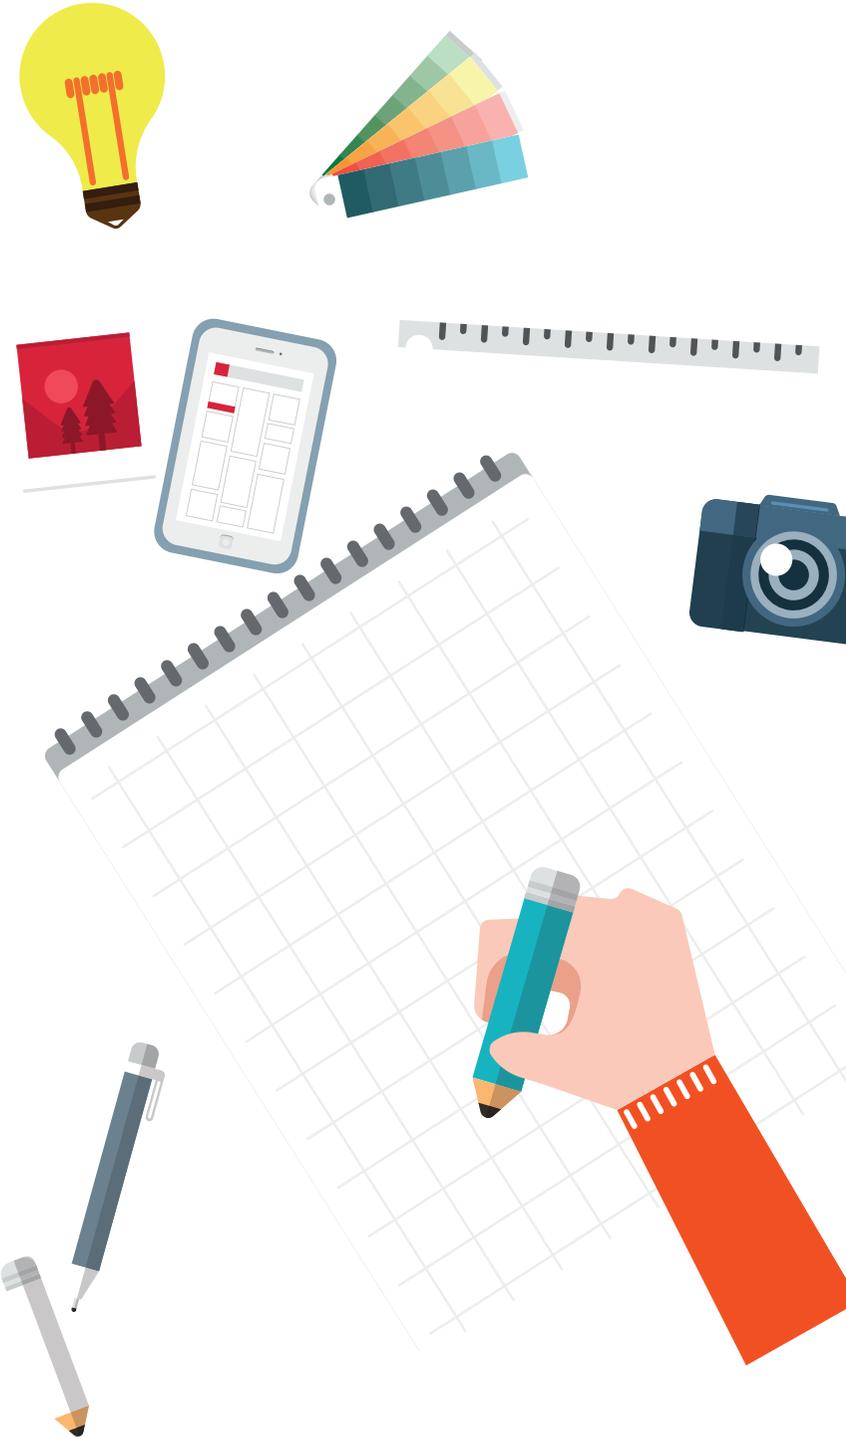

You need to have more than a pretty site to generate leads. Having the perfect balance of form and function produces results.

CONTENT

It used to be just words that fill up the pages on the site, but now it's has one of the biggest impacts on SEO. We'll guide you.

MANAGE & GROW

We have the tools, experience, and strategies to keep customers finding you and most importantly, contacting you!

360° APPROACH

Most companies hire one firm to design their website, one to optimize it for search engines, and one to increase conversions.

But we think a well built website should include a 360° strategy.

When you hire us you don't just get a future-proof website built on rock solid technology, we will also ensure your website is SEO friendly out of the box, and design it to drive high conversions once your visitors get there.

360°

WHY CHOOSE US?

Selecting the right web company for your business is important. So, why choose us?

DEDICATED DESIGNERS

From mock-ups to development, you will be assigned a dedicated web design specialist who will work alongside you and be on hand to answer any questions throughout your project.

BUILT WITH SEO IN MIND

Whether you plan to have SEO or not, we will build your website to be as search engine friendly as possible, so if you change your mind there won't be any additional costs

100% OPEN SOURCE

We only use open source software, meaning you won't end up tied to an agencies proprietary software and their sky high maintenance fees. It also means that you own 100% of your website.

RESPONSIVE DESIGN

We design and develop all our websites to be responsive, which means your websites will look universally great on a smart phone, tablet and desktop computer.

WE'RE EXPERIENCED

With over 700 projects under our belt and 45 years combined experience we are committed to your success whether you're a start up business or a Fortune 500 company.

WE'RE AFFORDABLE

We believe that good work isn't cheap and cheap work isn't good. Now we're not the cheapest, but we're not the most expensive either. We are however, the best bang for your buck.
